*It is our mission for students to acquire the knowledge and skills necessary to develop and achieve their personal lifelong goals by using appropriate pathways to success.*

December 10, 2012

Dear Parents:

This morning we had some police activity on campus that I wanted to make you are aware of. At approximately, 8:35 am the Riverside County Sheriff's Department arrived on campus and informed district administration that they were going to take 15 of our students into custody stemming from an undercover drug operation. The students were each escorted out of their classrooms without incident.

At this point, we have very minimal information to share with you. The Riverside County Sheriff's Department is expected to release additional information later today. I would like to assure you that our school and our district adhere to a zero tolerance policy in regards to drug use. The education and safety of all students on our campus is our top priority. Anything that may prohibit this from happening on our campus will always be dealt with in a swift and efficient manner.

My administrative team and I are proud to serve the great community of Temecula Valley High School. It is unfortunate that such a situation may negatively portray our great school. However, the facts still remain that Temecula Valley High School has great students who are doing phenomenal things, that out shine the possible issues of a few. Thank you for your continued support of our Golden Bears.

Respectfully

Richard Lawrence Jr., Ed. D.  
Principal
